About St Matthew's Westminster

St Matthew's Westminster is an Anglican church in the Catholic tradition with a ministry of prayer, hospitality and dialogue at the heart of the city. It is a place where all are welcome, whatever their background or individual belief.

The church was built in 1849 to a design of George Gilbert Scott, with additional work by Ninian Comper and others. The church is open every day, and is a valuable oasis in the very centre of Westminster.

St Matthew's has strong links with the church in the United States, Sweden and Ghana and we regularly welcome visitors from overseas who stay with us at St Matthew's House.

In addition to regular daily services and congregational life, St Matthew's is engaged in projects to improve social cohesion in the local community.

Friends will be kept informed of our life and work without expectation of any deeper commitment.
